**IRON ORE HERITAGE RECREATION AUTHORITY
BOARD MEETING MINUTES OF JULY 28, 2021**

Country Inn/Zoom

DRAFT MINUTES

- I. ROLL CALL - Don Britton, Chair; Glenn Johnson, Vice Chair/Secretary, Marquette Township; Lauren Luce, Treasurer, Marquette County; Al Reynolds, Negaunee Township; Bob Hendrickson, Negaunee; Larry Bussone, Ishpeming; Jim Brennan, Republic Township
Excused Absence: Dawn Hoffman, Tilden Township; Nick Leach, Marquette
Guest: Kathy Peters
Staff: Carol Fulsher
- II. PUBLIC COMMENT (Agenda Items – Limit to three minutes) – No public comment
- III. APPROVAL OF CONSENT AGENDA – **Brennan motioned to approve consent agenda as presented in packet; Johnson seconded motion.** Consent agenda included June meeting minutes; June balance sheet showing assets of \$458,996; liabilities of \$40,977 and equity of \$418,019; June profit and loss showing June income of \$115 and expenses of \$214,552 for net loss of (\$221,857); YTD income of \$320,976, expenses of \$302,244 for net income of \$18,732; Q2 profit at 15%, expenses at 115%; YTD profit at 101% and expenses at 113%; June general ledger showing checks written 1263 through 1280 and July bills to be paid totaling \$19,962.19. **Vote and motion carried.**
- IV. APPROVAL OF AGENDA – **Reynolds motioned to approve agenda as presented; Hendrickson seconded motion. Vote and motion carried.**
- V. OLD BUSINESS
 - A. Michigan Grant Updates
 1. Negaunee Township Trailhead – In process of uploading bid documents on DNR grants site for DNR approval.
 2. Weather Shelters/Fishing Piers – Project is finished. The punch list was made and carried out. Trying to find date and way to do a ribbon cutting for these “harder to get to places.”
 3. 2021 Trust Fund Purchase of 176 Acre – Waiting for our preliminary scores to come in.
 4. 2021 Trust Fund Negaunee Boardwalk – Waiting for our preliminary scores to come in.
 - B. 2021 Maintenance List - \$28K left in maintenance budget for the year with big maintenance jobs done. Will work on pavement fixes next. Also looking at missing bike crossing signs on Stoneville and Vandenboom Roads.
 - C. Millage Renewal Information, Ballot Language and Resolution – Fulsher reviewed where we are in process and provided information on ballot language for 2022. **Brennan motioned to sign resolution to continue on as Recreation Authority and approve the ballot language for 2022 millage renewal as presented in packet;**

Bussone seconded motion. A roll call vote was taken and motion passed 7 ayes, 0 nays and 2 absents.

- D. ORV Parking Lot Options – The Stoneville Parking lot was built within the State's right of way and offers limited parking availability. Options included purchasing land next to parking lot of reviewing another Dan Perkins' property along Washington Street in Ishpeming. He has offered the provide lease. Recently found out that Hancock Group sold their land in Tilden Township to a local person. Fulsher, Britton, and Bussone will review Perkin's property for viability. (It's just north of our ORV trail at Winthrop Junction).

VI. NEW BUSINESS

- A. Trail Rules/Hints Signage – Fulsher provided some samples of etiquette signs on other trails. Consensus was to look at the "icon" sign example as something to replicate on the IOHT.
- B. Marji Gesick Event Permit- **Brennan motioned to sign permit for Marji Gesick use portion of trail for event on September 10/11. Johnson seconded motion. Vote and motion carried**
- C. Forsyth Request – Fulsher noted that a commissioner from Forsyth Township left a message asking how to join the Authority. Fulsher left message with Forsyth personnel on millage is necessity and hasn't heard back. Discussion on how to get through Sands Township if Forsyth did want o continue discussions of joining.

- VII. ADMINISTRATOR REPORT – Fulsher contacted North Country to ask about porta potty at Schwemwood Park along trail. \$150month includes one cleaning per week. They will bring and take back as instructed. Question on whether handicap.
- Fulsher also noted the good press we have been receiving lately from print to radio to digital.

- VIII. BOARD COMMENT – Brennan noted that the Bank Building Center grand opening is scheduled during Republic's 150th celebration and is on August 28, 12:30 pm.
- Britton noted his displeasure with parking going on at kiln site after we seeded it.
- Noted that ribbon cutting for the IOHT pavilion in Negaunee being named for Jim Thomas takes place on August 12 at 4 pm.
- Britton also noted that he will not be at next meeting and Vice Chair Johnson will preside over August board meeting.

- IX. PUBLIC COMMENT – No public comment.

- X. ADJOURNMENT - Bussone motioned to adjourn meeting; Johnson seconded motion. Vote and motion carried and meeting adjourned at 5:15 pm.

Resolution to Continue Participation in the Iron Ore Heritage Recreation Authority

After December 31, 2022

WHEREAS, the Charter Township of Marquette endorses the Recreation Authority and its goal to develop, manage and maintain the Iron Ore Heritage Trail,

WHEREAS, the Charter Township of Marquette will continue to work with its neighbors for the development of a connected trail system,

WHEREAS, the Charter Township of Marquette endorses the Iron Ore Heritage Trail as an interpretative trail with signage and interpretation of our region's mining heritage,

WHEREAS, the Charter Township of Marquette endorses the Iron Ore Heritage Trail as a tool for economic and community development through the preservation of our history and traditions,

WHEREAS, the Charter Township of Marquette will continue to remain a member of the Iron Ore Heritage Recreation Authority and endorses the Iron Ore Heritage Recreation Authority's ballot request of a millage renewal in August 2022,

NOW THEREFORE BE IT RESOLVED, that the Charter Township of Marquette supports continuation of membership within the Iron Ore Heritage Recreation Authority, whose mission is to develop, manage and maintain the Iron Ore Heritage Trail.

Adopted this 3rd day of August, 2021

Randy J. Ritari

Randy J. Ritari, Clerk

Marquette Charter Township

Mission Statement:

"Recognize and meet the needs of the Township Community."

The Travel, Tourism and Outdoor Recreation Webinar will be accessed online soon.[View as a webpage](#)

AUGUST 6, 2021

Thank You for Participating in EDA's Travel, Tourism and Outdoor Recreation Webinar

Thank you for attending our EDA Travel, Tourism and Outdoor Recreation Webinar. We look forward to continuing to work with you to support the development of community-led economic development projects that will help our country build back better.

A recording of the webinar will soon be posted at EDA's American Rescue Plan website, www.eda.gov/ARPA.

The website also includes links to the notices of funding opportunities (NOFOs), webinar slides and one-page overview for each program. You will also find information and webinar registration links for other American Rescue Plan programs.

For specific questions, please contact the EDA Economic Development Representative for your state, which you can find [here](#).

Sign up for the [EDA newsletter](#) and follow EDA on social media: [Instagram](#), [Twitter](#), [LinkedIn](#), [Facebook](#) and [YouTube](#) for the latest updates.

STAY CONNECTED WITH THE U.S. ECONOMIC DEVELOPMENT ADMINISTRATION

property and construction-related requirements of 2 C.F.R. part 200 and 13 C.F.R. part 314. See also section D.2.b of this NOFO.

- Other uses to support the travel, tourism, and outdoor recreation industries, as approved by EDA.

All projects must support the travel, tourism, and outdoor recreation sectors and be consistent with CDC guidelines for safe travel. Projects that do not support these sectors or are intended to support diversification away from the sectors are not permitted.

The Governor, or equivalent, of each State is authorized to designate an entity to receive and administer the State Tourism Grant, which may be the State, an agency thereof, or another entity that is an Eligible Applicant as described in section C.1. For State Tourism Grants only, EDA will invite States to apply using specific streamlined procedures; therefore, the application submission and review information in Sections D and E is inapplicable for State Tourism Grant applications.

c. EDA Competitive Tourism Grants

Under this component, EDA will fund travel, tourism, and outdoor recreation projects that include non-construction and construction activities. For the most part, this component is intended to fund projects that are focused on new and expanded infrastructure, projects with a multi-state or national focus, and projects in regions most adversely affected by damage to the travel, tourism, and outdoor recreation sectors from the coronavirus pandemic.

Through this program, EDA can support both the development of travel, tourism, and outdoor recreation pandemic recovery strategies and the implementation of recovery projects, including in communities adjacent to National Park Service units, State Parks, National Marine Sanctuaries, and other natural destinations. This includes construction activities where the project is owned by the Eligible Applicant such as:

- Water and stormwater/wastewater improvements,
- Pier construction and improvements,
- New outdoor recreation and trail infrastructure and public access enhancements,
- Nature-based infrastructure projects to improve access to recreation,
- Cultural, arts, and tourism facilities (e.g., visitor or tourist information centers),
- Workforce training facilities and capacity building programs,
- Accessibility enhancements, and
- Country-wide or multi-state travel, tourism, or outdoor recreation promotion.

Please note the following:

- Because state and local tourism promotion and marketing projects are eligible uses of funds under State Tourism Grants, such projects are not eligible under the EDA Competitive Tourism Grants component.

- While EDA prefers projects that directly support the travel, tourism, and outdoor recreation sectors, it will consider diversification projects under this component.⁴
- The applicant must clearly notify EDA in the application if the applicant is also seeking or receives any other funding for the project, including funding under a State Tourism Grant.
- All project proposals must be consistent with CDC guidelines for safe travel.

If a specific project is part of the Build Back Better Regional Challenge NOFO it will only be considered under this ARPA Tourism NOFO to the extent that the Build Back Better Regional Challenge package of projects was not selected. We encourage all other travel, tourism, and outdoor recreation projects be submitted to this NOFO. If an applicant has inadvertently applied to the incorrect NOFO, or if an application is not selected for funding under the relevant NOFO, depending on the availability of funds, EDA in its discretion may move the project to the more appropriate NOFO.

In EDA's experience with post-disaster recovery, the most effective rebuilding efforts are based on long-term regional development or redevelopment strategies that leverage Federal funding in coordination with state, local, and private sector resources. For this reason, EDA encourages the submission of applications based on long-term, regionally oriented, coordinated, and collaborative economic development or redevelopment strategies that foster economic growth and resilience.

It is important that investments support the economic recovery through strong employment opportunities for workers, including but not limited to opportunities for workforce development, rehiring of laid off workers, and creating and retaining union jobs and well-paying jobs with good benefits. Moreover, it is important that investments in infrastructure and construction projects be carried out in ways that produce high-quality infrastructure, avert disruptive and costly delays, and promote efficiency. EDA understands the importance of promoting workforce development and encourages recipients to ensure that construction projects use strong labor standards, including project labor agreements and community benefit agreements that offer wages at or above the prevailing rate and include local hire provisions to promote effective and efficient delivery of high-quality infrastructure projects, as well as the economic recovery. Using these practices in construction projects may help to ensure a reliable supply of skilled labor that would minimize disruptions, such as those associated with labor disputes or workplace injuries.

Prospective applicants should note that section C sets out eligibility criteria for applications, and only applications meeting the eligibility criteria will be considered. EDA will evaluate and select applications according to the evaluation criteria set forth in section E.

⁴ Projects to establish or recapitalize a revolving loan fund (RLF) or design or construct a business incubator, technology, or other type of incubator or accelerator are not eligible uses of funds under the EDA Competitive Tourism Grants component.

d. Ineligible Projects

Some projects are generally ineligible for EDA funding under this NOFO, including projects that are primarily residential in nature, projects to create community amenities that are not specific to regional tourism (e.g., swimming pools, golf courses), projects that directly support casinos or gaming, projects that support general governmental or public safety functions (e.g., buildings to house municipal government, firehouses, public safety equipment), and requests for funding to supplement operating budgets or replace lost revenue (including lost tax revenue). In addition, EDA will not fund projects that are primarily directed at public health responses to the coronavirus pandemic (e.g., testing or vaccination centers, increased hospital capacity, acquisition of PPE for general government use or public distribution); however, incidental public health costs may be included in project budgets (e.g., the cost of PPE for personnel providing technical assistance, larger spaces to accommodate social distancing, increased travel costs to accommodate pandemic safety measures). Applicants who are unsure whether their proposed project is eligible under this NOFO should consult the appropriate EDA Regional Office Point of Contact (POC) listed in section G.

Funds may not be used, directly or indirectly as an offset for other funds, to support or oppose collective bargaining.

e. CEDS Alignment

Each project funded under this NOFO must be consistent with the region's current Comprehensive Economic Development Strategy (CEDS) or an equivalent EDA-accepted regional economic development strategy meeting EDA's CEDS or strategy requirements. In accordance with 13 C.F.R. § 303.7(c)(1), in certain circumstances EDA may accept a non-EDA-funded CEDS that does not contain all the elements EDA requires of a CEDS.⁵ Applicants must detail how the proposed project will support the economic development needs and objectives outlined in the CEDS or equivalent strategy, and provide a copy of this planning document, either by attaching the document to the application or providing a web link for the document. In addition, applicants should indicate if other Federal funds have been secured or requested to support any portion of the project for which an EDA investment is proposed. Applicants should describe how the EDA investment will complement, leverage, or otherwise align with other public and private investments to accomplish the planned deliverables and outcomes. Where other Federal funding may be involved in the project, the applicant should provide the Federal program name and contact information with the application to facilitate interagency coordination and avoid duplication of resources.

2. EDA Investment Priorities

All projects considered for EDA funding under this ARPA Tourism NOFO must be consistent with EDA's Recovery and Resilience Investment Priority. Applicants may also demonstrate that a project is consistent with any of EDA's other Investment Priorities, and projects meeting

⁵ In doing so, EDA shall consider the circumstances surrounding the application for Investment Assistance, including emergencies or natural disasters and the fulfillment of the requirements of section 302 of PWEDA.

multiple investment priorities may be considered more competitive as a result. EDA's Investment Priorities are located at <https://www.eda.gov/about/investment-priorities/>. The priorities may be updated from time to time. Any future revisions will be reflected on EDA's website on January 15, April 15, June 15, or September 15 of each year.

3. Statutory Authorities for EDA's Programs

The statutory authority for the EAA program is section 209 of PWEDA (42 U.S.C. § 3149). The statutory authorization of supplemental appropriations for economic disaster recovery activities is section 703 of PWEDA (42 U.S.C. § 3233). Additional programmatic authority is provided by the American Rescue Plan Act of 2021 (Pub. L. 117-2).

Applicant eligibility and program requirements are set forth in EDA's regulations (codified at 13 C.F.R. Chapter III), and all applicants must address these requirements. EDA's regulations are accessible at the Electronic Code of Federal Regulations website at <https://www.ecfr.gov/cgi-bin/ECFR?page=browse>. Under "Browse," select "Title 13 – Business Credit and Assistance", then "Go", then "300-399".

4. How does EDA Interpret Resilience?

In terms of economic development, EDA defines resilience broadly as the ability of a community or region to anticipate, withstand, and bounce back from various disruptions to its economic base. These disruptions can be caused by a variety of things, including a downturn in the national or local economy as a result of the pandemic. Enhancing resilience in the travel, tourism, and outdoor recreation sectors in the face of the pandemic, especially in light of the ongoing impacts of a changing climate, is a multi-dimensional effort emphasizing engagement and support from all aspects of the community, including economic development practitioners. Some examples include:

- Efforts to enhance business retention and expansion to strengthen these sectors;
- Development and construction of high-performance and resilient infrastructure and buildings (e.g., broadband, energy, flexible and natural infrastructure, safe development practices, business incubators) to mitigate future risk and vulnerability; and
- Comprehensive planning efforts that involve extensive engagement from the community to define and implement a collective vision for economic recovery.

The development and adoption of new technologies play vital roles in strengthening economic resilience: deploying technologies (e.g., through more robust broadband networks) enables resilience in the face of natural disasters made worse by pandemics and changing climates, and nurturing technology ecosystems supports dynamic, diverse economies that better withstand acute disruptions.

Resilience (within the context of economic development) should include methods and measures to mitigate the potential for future economic injury, promote a faster "up-time" for the travel, tourism, and outdoor recreation sectors, and strengthen local and regional capacity to troubleshoot and address vulnerabilities within the regional economy. As noted above, to be competitive under this ARPA Tourism NOFO, application submissions must explicitly

incorporate resilience principles. Additional information about this subject is available at <https://www.eda.gov/ceds/content/economic-resilience.htm>.

B. Federal Award Information

1. What Funding Is Available Under this Announcement?

Under the American Rescue Plan Act of 2021 (Public Law 117-2), Congress provided EDA with \$3,000,000,000, to remain available until September 30, 2022, to “prevent, prepare for, and respond to coronavirus and for necessary expenses for responding to economic injury as a result of coronavirus.” Of the \$3 billion in appropriated funds, Congress specifically directed \$750,000,000 be provided to “States and communities that have suffered economic injury as a result of job and gross domestic product losses in the travel, tourism, or outdoor recreation sectors” and this NOFO implements that Congressional direction. Consistent with the above, EDA has allocated \$750,000,000 into the two components under this NOFO.

If an applicant is awarded funding, neither DOC nor EDA is under any obligation to provide any future funding in connection with that award or to make any future award(s). Amendments or renewals of an award to increase funding or to extend the period of performance are at the sole discretion of DOC and EDA.

Publication of this announcement does not obligate DOC or EDA to award any specific grant or cooperative agreement or to obligate all or any part of available funds. The award of any grant is subject to the availability of funds at the time of award as well as to DOC priorities at the time of award. Neither DOC nor EDA will be held responsible for application preparation costs.

a. State Tourism Grants

For State Tourism Grants, EDA anticipates awarding up to \$510,000,000 to States based on the pre-pandemic travel and tourism sectors’ percentage of State Gross Domestic Product (GDP), along with employment and GDP loss in the travel and tourism sectors during the pandemic.

b. EDA Competitive Tourism Grants; Initial EDA Regional Office Allocations

For EDA Competitive Tourism Grants, EDA anticipates allocating the remaining \$240,000,000 among EDA’s six Regional Offices consistent with the formula applied to the State Tourism Grants, as follows:

- Atlanta Regional Office – \$X
- Austin Regional Office – \$X
- Chicago Regional Office – \$X
- Denver Regional Office – \$X
- Philadelphia Regional Office – \$X
- Seattle Regional Office – \$X

For EDA Competitive Tourism Grants, EDA anticipates funding approximately 150 non-construction and construction projects that cost between approximately \$500,000 and \$10,000,000, although EDA will consider applications above and below these amounts.

EDA Grant Application - Invitation & Meeting Poll

As you may know, the U.S. Economic Development Administration has recently released guidance for their Build Back Better challenge, a regional grant program intended to support industry growth clusters.

A group of Marquette County stakeholders is exploring the concept of an **outdoor recreation innovation district**, which would leverage our region's outdoor assets for economic growth. Because this concept would be aligned with the goals of the Building Back Better challenge, we're interested in how we may structure a collaborative grant application with participation from a broad range of communities and organizations.

On behalf of our economic development partners, the LSCP is coordinating a discussion with local government and economic development organizations to share more information about this effort and hear your input on the concept and potential roles for stakeholders. **Please share your availability to attend a discussion at the meeting poll [here](#) by the end of the day on Tuesday, August 17.**

I'll send a meeting invitation next week. In the meantime, you can read more about the [Build Back Better Challenge](#) here.

Thank you! We look forward to hearing your thoughts and ideas on this opportunity.

Sarah

Hi Carol,

I'm a video producer with the Pure Michigan campaign, emailing about a video we'd like to produce to showcase the Iron Ore Heritage Trail.

We launched a new video series this year called "Pure Michigan Trails". Each episode in the series takes viewers on a brief tour of a Michigan trail to showcase the amenities, features, and connected communities along the way. You can see our first two episodes here: [The Sleeping Bear Heritage Trail](#) and the [Chain of Lakes Water Trail](#). Many of the future episodes feature trails that have earned the Pure Michigan Trail or Trail Town title through the [Pure Michigan and DNR designation program](#). We'd like to make an episode about the Iron Ore Heritage Trail for this series.

We produce the videos in-house with our own video team, but would like your help to provide a bit of background info and an insider's perspective of the trail. If you're willing, we'd also like to set up a video 'interview' with you to talk about the trail's features, history, and the overall experience one might have while visiting. At the moment, we have August 30th – September 2nd blocked off to capture footage, photos, and interviews on-site. The interview would probably take around 15-20 minutes and we'd develop talk points and questions ahead of time.

If you're interested and available to work with us on this project, we'd love to talk more. Is there a time later this week that you're available for a quick phone call?

Thanks!

Drew

Absolutely let's talk. Im available all Wednesday afternoon Thursday until 3 pm and am in the car most of Friday so can talk as long as phone coverage is there.

I just watched the sleeping bear dunes video and made me want to bike it again. I did it two years ago and feel like I need to see more.
